WHOLESALE

**HAILE-DEAN SEED CO.**

66 EAST PINE STREET

ORLANDO, FLORIDA

September, 1946

**PRICES TO CATTLEMEN – Prompt shipment f.o.b. Orlando or Florida points –**  
**TERMS: Check with order or draft with lading to your bank.**

**Winter Rye Grass**

You should plant a large acreage to this Winter Pasture Grass. Provides continuous grazing from October through May. No plowing or cultivation necessary. Sow broadcast, 30 pounds per acre. You can sow on top of your old sod where same is closely grazed down or mowed down. Or you can disc your land and sow broadcast. Do not cover or disc. The rains will bring it up. The better the land the heavier the crop. The colder the weather the greener the grass. Likes moist soil. Does fine in muck soil. It makes a rapid growth where you get rains or moisture. Sow from Sept. 15 through Feb. 15.

**PRICES**—100 lb. @ \$12.50 cwt; 500 lb. @ \$12.00 cwt.; 1000 lb. up @ \$11.50 cwt.

**Abruzzi Seed Rye**

Our Southern-grown Abruzzi Seed Rye grows up and stools out heavily, does not run on the ground and gives an abundance of winter grazing for your calves, horses and all cattle. Sow at the rate of one bushel per acre in prepared land and disc in. Plant from Sept. 15 through Feb. 15.

**PRICES**—Sacked 2 bu. bags @ \$4.10 bu; 24 bu. lots and up @ \$3.95 bu.

**Seed Oats***Rust-resistant type*

Rust proof types recommended by the Florida Experiment station are Florida No. 167, first selection, Fulgrain, second selection, and Quincy No. 1 and No. 2, third selections. These are best for grazing and hay purposes. The Fulgrain is the only variety we can offer this season as the seed oat crop is very short. This Fulgrain is one of the best for lots of grazing and hay. Sow at the rate of 1½ bu. per acre on prepared land and disc in. Sow from Sept. 15 to Feb. 15.

**PRICES**—Sacked 4 bu. bags @ \$2.00 bu; 24 bu. lots @ \$1.95; 100 bu. lots and up @ \$1.85.

**Bahia Grass Seed**

Can be planted in the Fall and Winter either with your oats and rye or planted alone. It requires some time for the Bahia to germinate and grow but when it starts up it gets better and thicker and will give enormous grazing of the most palatable type and is a permanent grass. Sow 15 to 20 lb. per acre broadcast and disc in lightly. It thrives on your higher, sandier soil as well as your poorer prairie soil. Bahia is becoming one of the most popular of the permanent grasses. (1946 crop seed ready from last September on.)

**PRICES**—100 lb. @ \$29.00 cwt; 500 lb. @ \$28.50 cwt; 1000 lb. up @ \$27.50.

**Carpet Grass**

Carpet Grass is one of the most widely planted grasses for permanent pasture and grows off on the poorer, damper soils and give lots of grazing nearly the year 'round. An occasional application of fertilizer improves the growth tremendously. All cattle like it. You can sow most any month in the year broadcast on top of your soil and do not cover. The seed will stay there until proper season starts it to growing. Sow 10 to 20 lb. per acre for best results.

**PRICES**—100 lb. @ \$21.50 cwt; 500-1000 lb. @ \$46.00; 1000 lb. up @ \$19.50. (Subject to change—lower or higher when this was written).

**Bermuda Grass—Arizona**

Many cattlemen realize that Bermuda is one of the most nutritious and palatable grasses we have as a permanent pasture in Florida. It grows in the muck lands and on the sandy lands. Sow at the rate of 7 to 10 lb. per acre on prepared soil. Brush in lightly.

**PRICES**—100 lb. @ \$45.00 cwt; 500-1000 lb. @ \$44.00 cwt. (Write for prices in quantity lots).

**White Dutch Clover**

Louisiana-grown White Dutch is the only White Dutch to plant in Florida as it does better than the northern-grown. Sow at the rate of 4 to 5 lb. per acre from Sept. 15 through Jan. 15 on prepared soil and brush in lightly. Can be planted with Carpet Grass and the mixture makes a very superior pasture. Comes back each winter from the seed it forms and sheds.

**PRICES**—100 lb. @ \$1.05 lb.; 500-lb. lots up @ \$98.00 cwt. (Our White Dutch seed is shipped direct from our Louisiana growing station by express preferably and the rate is about \$3.50 cwt.)

**Dallis Grass**

Imported fine quality. Write for prices on our new crop Imported Dallis Grass seed, just arrived.

**WRITE US FOR PRICES ON LARGE QUANTITIES OR ON ANY ITEMS NOT LISTED. ALL PRICES SUBJECT TO MARKET CHANGES.**
